User story	test case id	Test case	Pass	Fail	Notes	Pass	Fail	Notes
As a User, I want access to a nav bar, so that I can easily navigate the website.	1							
	1.1	Test each navigation link so that it leads to the correct component: - home - about us - our cakes						
	1.2	When logged in, check nav bar sign in has been replaced by: - log out - profile						
As a User, I want to see the services and products being offered, so that I can decide on what service/s to book .	2							
	2.1	On overview products page when each product is clicked it leads to the correct product page						
As a User, I want to easily interact with the website, so that I can access the website on all my devices.	3	Test the following pages render according to wireframes: - home - about us - our cakes - cake product page - enquiries - log in - Sign up - profile						
	3.1	On phone						Nav bar not properly responsive but the page contents renders correctly
	3.2	On tablet						
	3.3	On desktop						
As a User, I want to see the company information , so that I can contact them with further questions.	4							
	4.1	Test contact information is on the contact form						No contact information on site
	4.2	Test enquiry form does not show if no user signed in						Correctly gets redirected to the sign in page
	4.3	Test enquiry form appears when signed in						
As a Logged in User, I want to sign out, so that I can end my session on the site.	5							
	5.1	Test when user signs out is redirected to a "you have successfully logged out" screen"						Decision to redirect user to the cake page once signed out

	5.2	when user has signed out test that you can't submit an enquiry					
As a Logged in User, I want to edit my information , so that if my information changes I can update it .	6						
	6.1	Check user profile page matches data entered on registration					
	6.2	Edit user profile information with: - incorrect data types - invalid email address - correct data					Unable to edit user information
	6.3	Once edited, ensure now user profile has been updated					As above
As a Logged in User, I want to submit booking information , so that a catering service can be organised.	7						
	7.1	Check enquiry form appears only when user signed in					
	7.2	Check all topics have been correctly loaded					
	7.3	Submit form with: - invalid phone number - Correct details					Users can enter in text as a contact number
	7.4	Upon submission, user should be directed to the successful sent page					
As a Logged in User, I want to receive a confirmation email , so that I know my booking information was successfully sent.	8						
	8.1	Upon submitting an enquiry confirmation should be sent to user's email					Wasnt able to imeplement this
As a Signed up user, I want to be able to log into the site, so that I can access my account.	9						
	9.1	Check error message appears when you sign in with incorrect details					
	9.2	When correct details are entered, user should be logged in
